

About the Reference Numbers

Reference numbers shown throughout the charts in this catalogue are part numbers which may be more familiar to customers in various regions of Canada. These are included for the convenience of our new customers who have recently switched from a competitor's product line to USP.

The reference numbers in this catalogue are for general application comparison only and should not be used as a substitution tool. The user is responsible to compare specific load values, fastener schedules, material specifications, and other factors to determine suitability of use for any particular product.

A Angle40, 62, 64	GLTV Hanger	108-110, 113-115	MEG Hanger	118
A34, A35 Anchor60	H Hurricane Ties73, 128	MGT Girder Tiedown	125
AB Post Base46	HB Hanger111	MIT Hanger	106-111
ABE Post Base46	HCP Hip Corner Plate128	MIU Hanger	99-101
